DISCOVERY BATCH 02 — SUPPLEMENT

Internal Billing / Accounting System Attribution

Exhibits 10–15 — Q1 2026 NGM production (received 4/17/2026)

SOURCE OF EXHIBITS

Exhibits 10–15 are drawn from 36 files produced by Defendant's counsel Aaron H. Gould, Esq. (Connell Foley LLP) to Plaintiff's counsel Scott D. Woller, Esq. (Wachtel Missry LLP) on April 17, 2026 at 10:05 a.m. ET, supporting a \$18,848.00 Q1 2026 payment to Plaintiff. Source files are archived at [evidence/ngm_q1_2026_payment_backup_20260417/](#).

THEORY OF RELEVANCE

Every exhibit is a document of Defendant's own creation identifying Mr. Litman — by name, as Responsible Attorney, as Originating Attorney, or as Collecting Lawyer — on a commercial document, billing record, or accounting ledger dated after the July 18, 2025 termination. Each is a continuing commercial use of identity within the meaning of N.Y. Civil Rights Law §§ 50-51 and — taken together with the reassignment and reconciliation anomalies documented below — supports the pattern of post-relationship attribution and accounting irregularity already pleaded in this action.

Methodology. Each exhibit is extracted from a single source file produced by Defendant's counsel on 4/17/2026. Where the source file is a native Excel workbook, the exhibit shows a summary view of the most probative sheet(s); the full native file has been preserved and is available in the production archive. Where the source is a PDF, the PDF is embedded in full.

Relationship to Batch 01. These supplemental exhibits introduce a new use-type category (F) beyond the five categories (A–E) in the first discovery batch (DISCOVERY_BATCH_01_EXHIBIT_BINDER.pdf): internal billing-system and accounting-ledger attribution. Batch 01 exhibits documented external uses (USPTO filings, patent republication, client emails, trademark filings, public website). Batch 02 documents the parallel internal uses that continued — in some cases escalated — after the July 2025 termination.

CATEGORY F

Internal Billing / Accounting System Attribution

(Post-Termination Commercial Use — NGM's Own Records)

Exhibits 10–15. Each exhibit is a native document produced by Defendant's counsel on April 17, 2026 in support of a \$18,848.00 Q1 2026 wire. Each identifies Mr. Litman — by name, or by one of his attribution tags ("RCL as originating attorney," "Richard Litman as Collecting Lawyer," "RL as Responsible") — on a commercial document dated after the July 18, 2025 termination. The exhibits also document two accounting anomalies: (i) a \$1.59M reassignment out of Litman responsibility on a single day (Jan 31 → Feb 1, 2026) and (ii) a ~\$1.78M phantom Bank of America Escrow balance attributed to Litman's matters that exceeds the account's actual firm-wide balance.

"Richard Litman" as Collecting Lawyer — 496 open invoices, 374 docket

Document: AR Report April 2026 — Collecting Lawyer Firm Summary (Richard Litman)

Date: April 2026 (as of report date; invoices span 2018–2025)

DESCRIPTION

NGM's own Accounts Receivable Report as of April 2026 identifies "Richard Litman" as the Collecting Lawyer on 496 open invoices totaling \$1,302,403.04 billed across 374 docket for 15 clients. Only \$77,213.28 (5.9%) has been collected. 161 of the open invoices are dated in 2025 (some post-termination July 18, 2025). Each invoice bearing "Richard Litman" as Collecting Lawyer is a discrete commercial use of Litman's name on a document that circulates in NGM's billing process.

LINKED FUNCTION

Accounts receivable — continuing client billings under Litman's name

VALUE / FINANCIAL METRIC

\$1,302,403.04 billed / \$1,225,189.76 outstanding

Payment-collection ratio 5.9% is anomalously low — Litman as Collecting Lawyer recovers dramatically less than peers (Andy Rao 2.3%, Lafave 2.4%, Goldberg 1.0%, but in absolute terms Litman's outstanding is 6.2x Goldberg's)

Summary View: AR_Report_202604_RL.xlsx

Extracted from three of the nine sheets in the native workbook: the **Collecting Lawyer Firm Summary**, **Responsible Firm Summary**, and a derived aggregation from the **Report** sheet grouping outstanding receivables by client. The native workbook is preserved at the archive path cited on the cover page.

1. Collecting Lawyer Firm Summary (native workbook)

Collecting Lawyer	Billed	Paid	Outstanding	% of Firm
Richard Litman	\$1,302,403.04	\$77,213.28	\$1,225,189.76	100.00%
Total	\$1,302,403.04	\$77,213.28	\$1,225,189.76	100.00%

Key observation. Richard Litman accounts for \$449,534.39 (36.69%) of the firm's outstanding AR as Credit Lawyer — the largest individual allocation. As Collecting Lawyer he is responsible for \$1,225,189.76 (100%) in the firm's outstanding AR (see Responsible Firm Summary below).

2. Responsible Firm Summary (native workbook)

Responsible Attorney	Billed	Paid	Outstanding	% of Firm
Joshua B. Goldberg	\$16,700.00	\$0.00	\$16,700.00	1.36%
Richard Litman	\$1,285,703.04	\$77,213.28	\$1,208,489.76	98.64%
Total	\$1,302,403.04	\$77,213.28	\$1,225,189.76	100.00%

3. Outstanding AR by Client — Derived from Report Sheet

Aggregation of all 496 invoice line items in the native Report sheet by client, showing dollars outstanding. All rows reflect invoices where Richard Litman is identified as Collecting Lawyer.

Client	Line items	Outstanding
King Saud University	337	\$1,135,130.00

Julia and Josephine, LLC	1	\$935.00
Yuftczak, William	2	\$634.00
Total	496	\$1,436,912.98

Key observation. 92.5% of outstanding AR (\$1,135,130 of \$1,436,913) is concentrated in King Saud University — the same client relationship being handled by Martha Long via 4patent.com (Batch 01 Exhibit 5). Two clients introduced to Litman attribution post-termination — **Sultan Qaboos University** and **Qatar Foundation** — appear in the AR for the first time here.

Quarterly Compensation Summary — the \$18,848 payment math

Document: Litman 2026 Summary_March — Q1 2026 Quarterly Block

Date: Q1 2026 (Jan-Mar 2026)

DESCRIPTION

NGM's own running quarterly compensation summary for Mr. Litman, ending in March 2026. Documents a Q1 2026 wire of \$18,848.00 — a 96% decline from Q1 2024 (\$451,961) and the lowest quarterly payment in the entire post-6/15/2020 dataset. The Summary shows collected fees of \$94,240 for Q1 2026, which is exactly one-half of the \$188,480 shown on the Payment Allocation reports for "RCL as originating attorney" in the same quarter — an unexplained 50% reduction applied before the 20% share overlay.

Prior Q1 payments: 2024 = \$451,961; 2025 = ~\$134,756; 2026 = \$18,848. Q1 2024 → Q1 2026 drop: 95.8%.

Historical Q1 Comparison (from native workbook)

Quarter	Funds Rcvd	20% Due / Paid to Litman	Change vs. prior Q1
Q1 2024 (Jan+Feb+Mar)	\$3,095,607.75	\$451,961 paid	baseline
Q1 2025 (Jan+Feb+Mar)	\$913,926.47	~\$134,756 paid	-70.3% vs Q1 2024
Q1 2026 (Jan+Feb+Mar)	\$127,052.78	\$18,848.00 wire pending	-95.8% vs Q1 2024

Key observation. The Summary's \$94,240 collected-fees figure for Q1 2026 is exactly one-half of the \$188,480 in fees tagged to "RCL as originating attorney" in the Payment Allocation reports (Exhibit 11) — an unexplained 50% reduction applied before the 20% share overlay. If that reduction is not contractually authorized, the Q1 2026 share owed is \$50,821 rather than \$18,848.

NGM-Q12026-PROD-Trust Listing for RCL Feb 2026.pdf

Trust ledger — \$1.59M reassignment out of Litman's responsibility on Feb 1, 2026

Document: Trust Listing for RCL — February 2026

Date: February 2026

DESCRIPTION

NGM's February 2026 trust listing showing Mr. Litman's total trust attribution reduced to \$1,092,426.73 — a \$1,609,149.59 drop from the January 31, 2026 closing balance of \$2,701,576.32. The drop occurred despite firm-wide bank activity for the same period of only -\$40,484.90 net. The discrepancy is evidence of matter reassignment out of "RL" as Responsible Attorney on or about Feb 1, 2026 — a trust-ledger parallel to the patent Line 74 switchover on Jan 14-21, 2025.

LINKED FUNCTION

Trust-ledger reassignment (accounting-system switchover)

VALUE / FINANCIAL METRIC

\$1,609,149.59 reassigned out of Litman attribution in 24 hours

Pattern evidence: identical to Jan 14-21, 2025 Line 74 switchover where Goldberg's name replaced Litman's on issued patents

EXHIBIT 15

Bank reconciliation showing phantom Litman trust balance

Document: Trust Register Report — January 2026 (firm-wide bank activity)

Date: January 2026

DESCRIPTION

NGM's January 2026 Trust Register showing firm-wide activity in both trust accounts. Bank of America Escrow Acct_8777 had opening balance \$96,231.64 and closing balance \$80,935.64 — yet the contemporaneous Trust Listing for RCL (Exhibit 13) claims Richard Litman's matters alone hold \$1,863,705.24 in the same account. The \$1.77M+ gap between NGM's internal attribution and actual bank balance requires reconciliation. No entry in this register references Freedom Bank (closed July 28, 2025).

LINKED FUNCTION

Bank account reconciliation

VALUE / FINANCIAL METRIC

\$1,783,470 unreconciled gap between Litman-attributed trust and actual BoA balance
Either stale-data / double-counting or potential commingling — demands bank-statement production
